

Carlton® Large PVC Junction Boxes / NEMA 4X

Large PVC Junction Boxes are fabricated from Type II PVC sheet using a patented technology. Reduce the use of steel boxes, and keep your wiring connections clean, safe and dry using these high-quality, fully gasketed junction boxes.

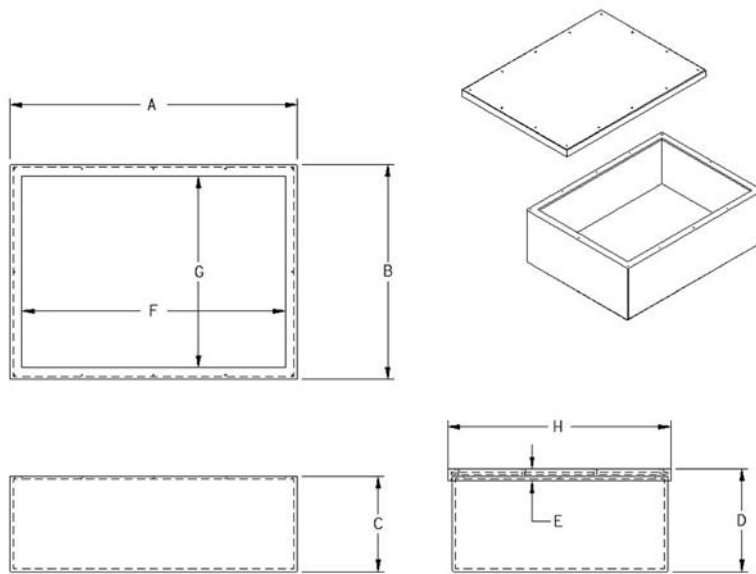

Features & Benefits

- PVC Type II material with “Uni-Body” construction and penetration welding provides a very strong, durable enclosure
- UL-94V-0 Flame Rating
- Suitable for exposure of up to 60°C
- PVC material allows the use of standard solvent cements for fitting attachment
- Junction Boxes are available with mounting flanges or without mounting flanges
- Individual Mounting Feet are available and provided as kits of 4 mounting feet
- Custom features such as windows or panel mounts are available.
- Custom sizes are also available upon request
- Patent Numbers 6,110,086 / 5,555,989 / 5,316,165 / 5,377,396
- Made in the USA

Innovative Solutions For Wire and Cable Management.
